About The Authors!

Mat S.

Hello Interns! My name is Mat S. Just to share a little about me. This is my fourth internship. I love all types of art and projects that revolve around creativity. This Newsletter allowed me to showcase my creative side! For my next internship, I definitely want to explore jobs related to business!

Gabriel P.

Nice to meet you, fellow Interns! My name is Gabriel P. This is my first time completing an Internship or working with the Intern & Earn program. I love explaining nerdy things to people. I've been told I'm a walking encyclopedia and trivia master. In my next Internship, I would love to be a teacher's assistant.
